Stands up to extreme wear and tear. Don't let the name fool you. Sure, Pergo Commercial is designed to withstand mall traffic on the day after Thanksgiving, but it also works beautifully at home. A thicker laminate layer merged with the patented TitanX™ finish creates a surface as hard as titanium. It's designed to take almost anything your family and friends, or customers and coworkers can dish out.

Feature Definitions

AccuWood Textures™
Ultra-realistic textures that provide the look and feel of authentic hardwood, ceramic tile or stone.

All Over Texture
Texture is randomly embossed in the flooring surface during the production process, giving Pergo floors their unique and natural look.

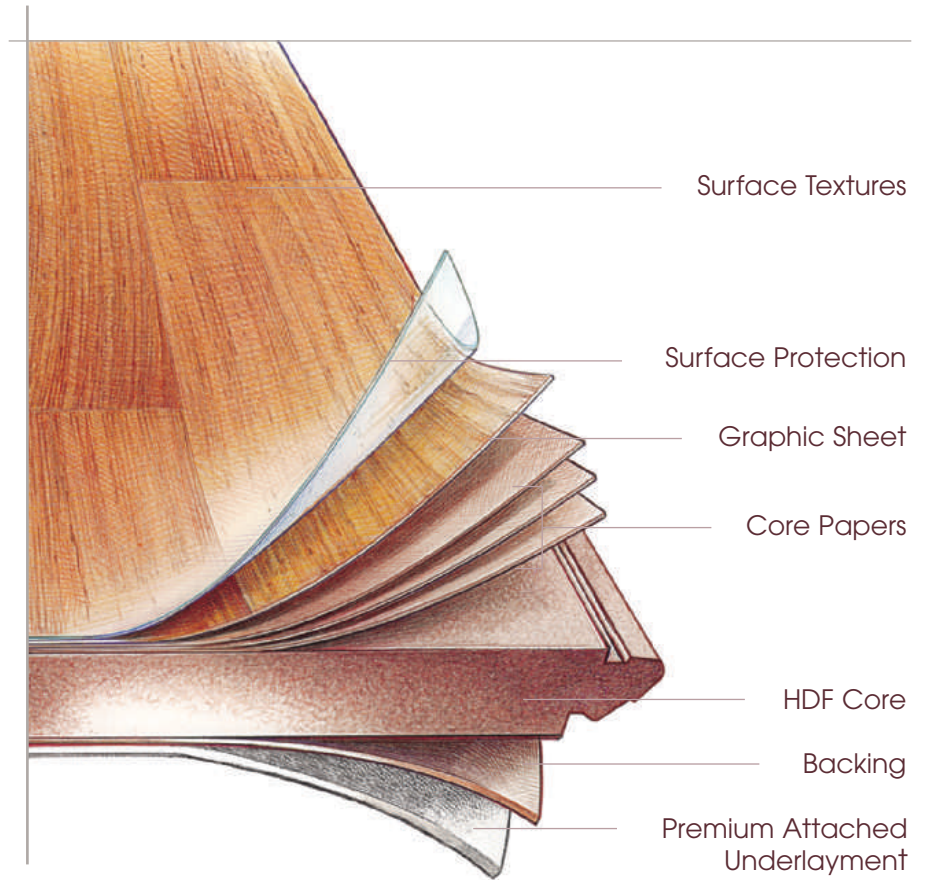

Micro-Beveled Edges
An eased edge to deliver the most realistic character of authentic hardwood.

Premium Attached Underlayment
Premium attached underlayment makes installation easier and provides the truest natural sound.

There's Only One Pergo®

Whether you choose classic or exotic, plank or tile, you can rest assured that your Pergo floor will perform. All floors feature superior surface protection and Pergo's dual-locking joints for easy installation and tight, strong seams.

Pergo premium laminate floors meet quality ANSI standards set by the North American Laminate Flooring Association.

Why Pergo?

Genuine Pergo is durable and looks as great as it performs. And its easy maintenance can't be beat.
