

c|spedisystems[®] Entrance Flooring

*C/S Pedisystems
now arriving at
JFK Airport*

*Three exciting new
inserts for all C/S architectural
mats and grids.*

Recycled Rubber

Environmentally-friendly Recycled ECOsurfaces Rubber Inserts provide a safe, sure walking surface in any building environment, any weather condition. Pedisystems Recycled Rubber inserts are available in 70 exciting colorways to coordinate or contrast with the surrounding floor surface.

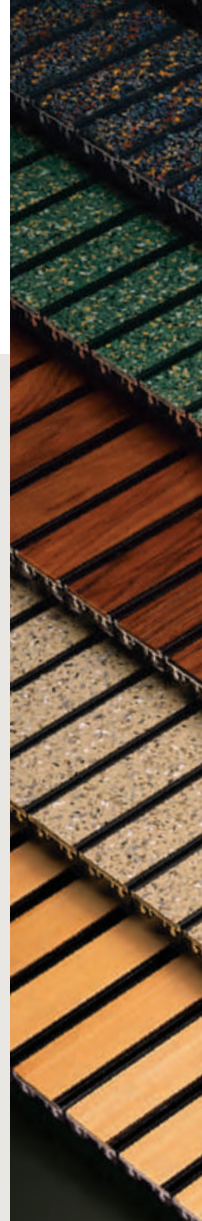

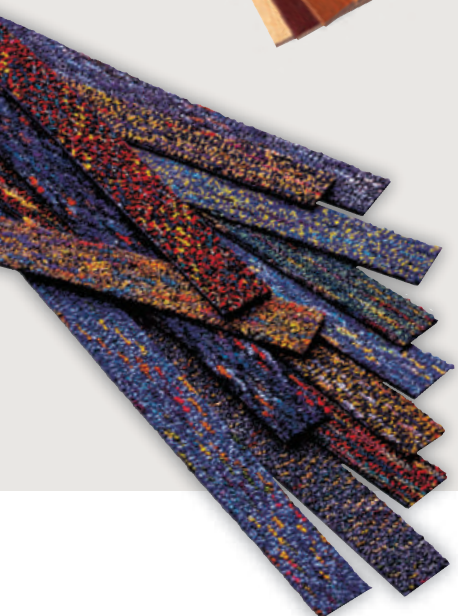

FSC Certified Wood

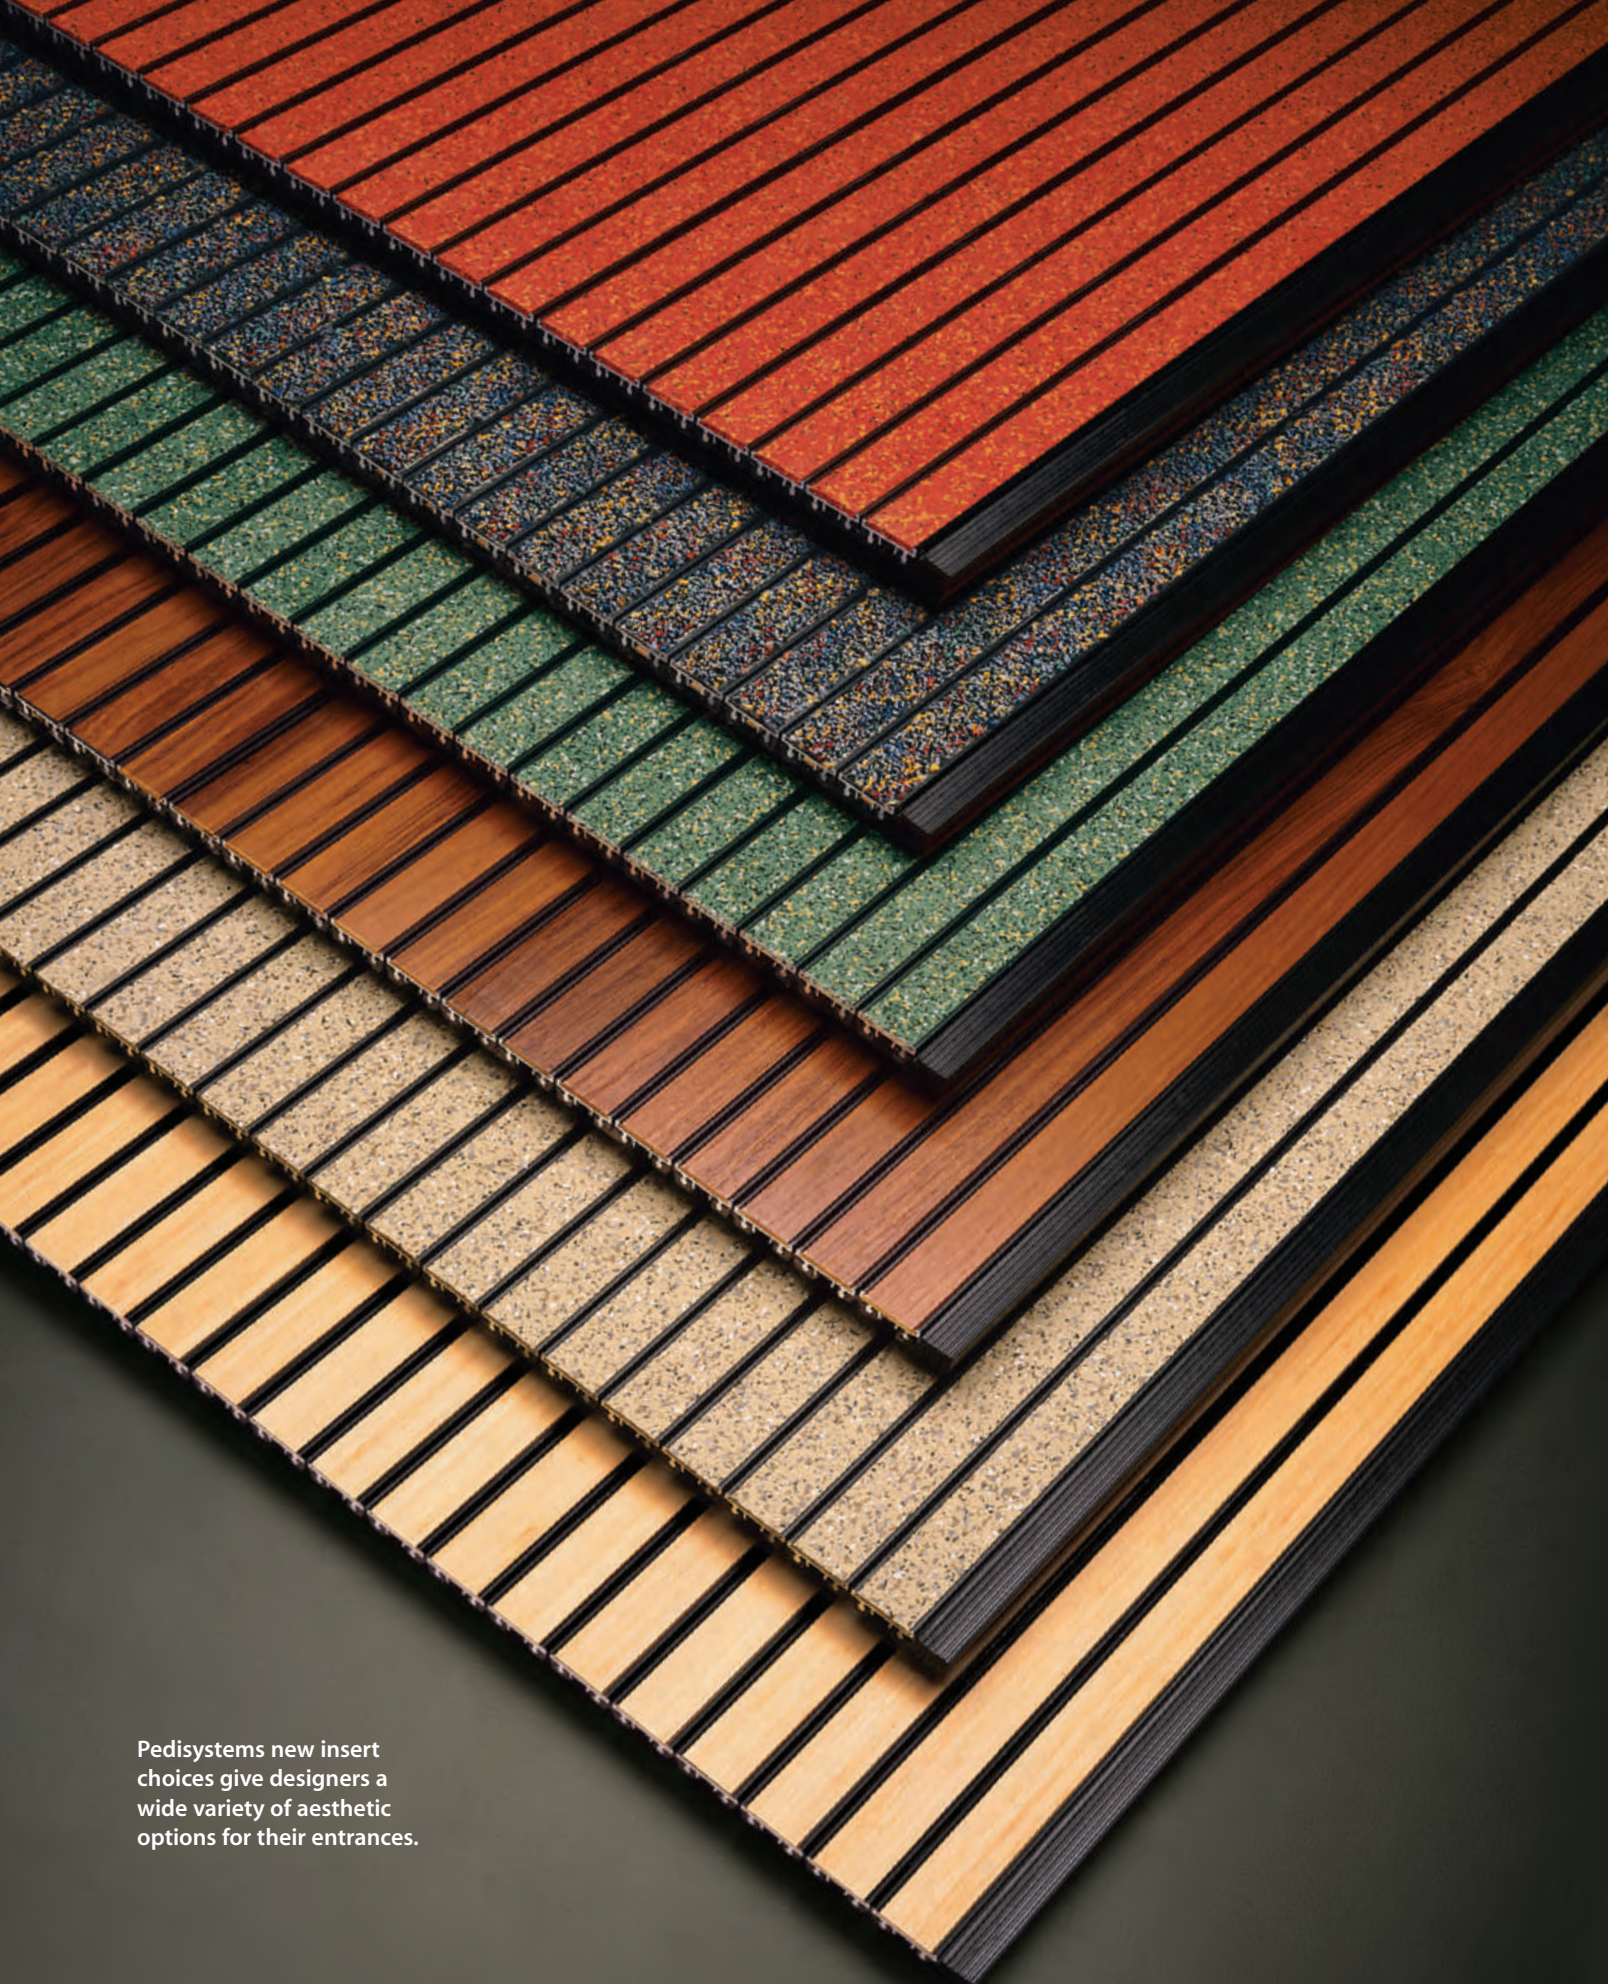

C/S Pedisystems brings wood flooring to architectural mats and grids with our FSC Certified Wood inserts. Designers can now create handsome, high-styled entrances by incorporating Teak, IPE, Bamboo or Cork inserts in any C/S PediTred, Pedigrid or Pedimat Entrance system.

Custom Designer Carpet

Pedisystems always offered architects and designers lots of color choices. But, C/S' new Custom Carpet Program allows designers to incorporate any commercial carpet with rigid backing in Pedisystems architectural mats and grids. Maximum pile height cannot exceed 3/8". Consult factory (800) 233-8493, for complete details.

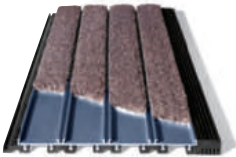

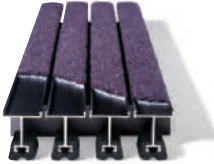

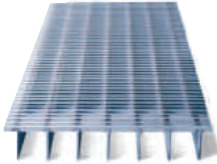

For complete product information, details and specifications,
call 800-233-8493 or visit www.c-group.com/entrance-flooring

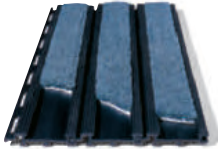

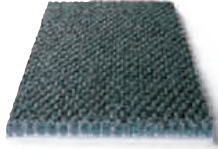

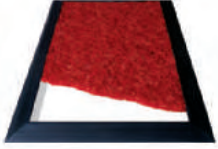

Pedisystems new insert choices give designers a wide variety of aesthetic options for their entrances.

SELECTION GUIDE

Architectural Systems				
	PediTred	PediTred LP	Pedigrid	GridLine
				
Description	Best system for high rolling loads for both new and existing construction.		Rigid architectural grids for new construction. Traps large quantities of dirt and water. GridLine's high style stainless steel grid is long wearing and maintenance free.	
Surface Mounted Option	Yes	Yes	No	No
Rolling Load	1,000 Lbs. Per Wheel	750 Lbs. Per Wheel	400 Lbs. Per Wheel	500 Lbs. Per Wheel
Roll Back Capability	Yes	Yes	No	No
Well* Capacity Index	200	135	400	100-300
Drainable Well Options	Yes Trench Required	Yes Trench Required	Yes	Yes
Cost Index[†]	145	125	145	325
Page	6-7	6-7	8-9	8-9

*Well capacity: By giving Pedimat a designation of 100, Pedigrid (400) would hold four times as much dirt or water.

		Carpet Systems		Vinyl Loop Matting
Pedimat	TreadLine	DesignStep	DuroMat	
				
Classic architectural entrance mats in a variety of styles roll back for easy cleaning.		Carpeting for high traffic entrances.		Entrance mats featuring brilliant colors and inlaid logos.
Yes	Yes	Yes	Yes	
300 Lbs. Per Wheel	300 Lbs. Per Wheel	N/A	N/A	
Yes	Yes	N/A	Yes	
100	100	N/A	N/A	
Yes Trench Required	Yes Trench Required	N/A	N/A	
100	85	20	20	
10-11	10-11	12-13	12-13	

† Cost index: By giving Pedimat a designation of 100, PediTred LP (125) would cost approximately 25% more.

PEDITRED®

THE STRONGEST ENTRANCE GRIDS MONEY CAN BUY.

Simply the best entrance system for high rolling load conditions up to **1,000 lbs. per wheel**. With a variety of aesthetic options PediTred combines the dirt and water-removing capability of architectural grids with the convenient **roll back feature** of mats for **easy cleaning**. PediTred is available in 3/4" and 1/2" grid depths.

PEDIGRID®

THE ULTIMATE ENTRANCE GRID FOR NEW CONSTRUCTION.

Pedigrid's tread rail design looks as good as it works. This 1-11/16" deep architectural grid system scrapes shoes **to trap large quantities of dirt**, mud and snow in the recess below. Seven great-looking surface styles are available, including **our new stainless steel GridLine™**. Pedigrid is offered with or without drainage pans.

PEDIMAT®

THE INDUSTRY STANDARD IN ARCHITECTURAL ENTRANCE MATS.

Since 1965, Pedimat has been **economically** stopping dirt at the door in **tens of thousands** of buildings worldwide. Pedimat's tread rail design is engineered for **quiet, long-term performance**, and offers architects an exceptional array of finish options. All Pedimats can be **surface or recess mounted**, and all roll back for easy cleaning.

DESIGNSTEP™

CARPETING SPECIFICALLY ENGINEERED FOR HIGH TRAFFIC ENTRANCES.

DesignStep Rolls are available in 50' and 100' lengths and widths of either 6'-7" or 13'-2". Duromat in 3' or 4' widths.

DesignStep Tiles with bitumen backing are available 19-11/16" x 19-11/16".

DesignStep Mats come with vinyl edging and available with optional logos.

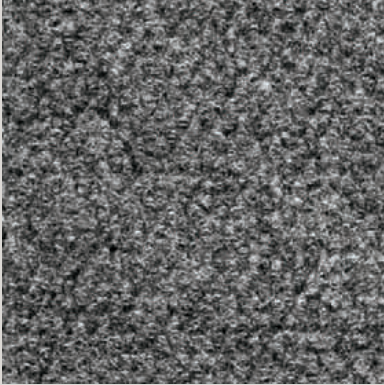

DesignStep™ entrance carpeting is the **ideal way to reduce dirt and water** from being tracked into buildings when used in Zone 3 of a Pedisystem. Manufactured from heavy denier polypropylene, DesignStep provides **aggressive scraping and drying action**. DesignStep's vinyl loop, all weather offering **DuroMat®**, is available in the same eight standard colors in mat and roll sizes only.
