COLORS & BLENDS - MCA PRODUCT SHOWCASE

Custom colors and Designer's Selection is a new trend toward a stronger interest for commercial buildings in the new millennium. It's a way for a designer to make a signature project and a wow presentation. MCA has done many other custom color blend projects throughout the United States, including the Bellagio Hotel in Las Vegas (Western Roofing, January/February 99). MCA is a leader of custom colors and blends in the clay roof tile industry and strives to assist designer's efforts to create timeless beauty through its choices in color in blend selection.
