AWS Windscreen System with 3/8" Glass Panels

AWS Aluminum Windscreen System

Glass pool surrounds and windscreens are very popular in hotel and condo applications. This AWS Windscreen System creates an effective barrier while limiting the confining effect of a typical fence. Used in conjunction with a concrete slab or masonry wall, these innovative systems are highly adaptable, structurally sound, and attractive. Seven standard powder coated finishes in stock, and custom colors available on special order.

HRS Hand Rail System with 1-1/2" Top Rail and Posts

HRS Hand Railing System

CRL's HRS Hand Rail System is design for stairways, ramps or anywhere that requires the need for A.D.A. compliant assist rails. CRL offers a wide range of component parts for almost every application. Offered in five standard architectural finishes for wall mount, post mount and glass mount applications. Custom fabrication and finishing is also available.

CRS Component Railing System

CRS Component Railing System for Use with Glass Infill Panels

Easy to assemble and install Component Railing System. Glass infill panels are secured without glass clamps, and their bottom edges are protected with an attractive Bottom Cap Rail. Adapter Fittings are bonded using metal contact cement. Stock CRL System components can be purchased for fabrication, or let CRL's factory do the work for you, providing an easy-to-assemble railing package complete to your specifications.
