Rapid Response Program

When you need almost instant wall protection, think Pawling and our Rapid Response program. We ship it in three days—or it's free! That's right—we'll ship you any item in our Rapid Response program* within three days or you don't pay a penny. Just look for the Rapid Response logo **RR** on our handrails, corner guards, wall guards and sheet wall covering available in eight of our most popular colors. It's our guarantee and proof that we want to meet and exceed your expectations. Rapid Response products include: BR-500, BR-1200, WG-4, WG-6/6C, WC-40/60, CG-10/10R, CG-20/20R, CG-12 and CG-17/18.

*Rapid Response wall guard, handrail, and corner guard orders are limited to a maximum of 50 pieces per profile, per color, in standard sizes listed. Wall covering orders are limited to 4' x 8' sheets and a maximum of two cases per thickness and color. Rapid Response colors shown on back cover.

New Products

Red-E-Clip®

Look for the  icon for wall guard profiles that come with our patented Red-E-Clip® retainer for installation. Red-E-Clip® is the lightweight, environmentally friendly alternative to a continuous aluminum retainer. It also provides impact protection equal or superior to any continuous aluminum retainer. Red-E-Clip® can save labor during installation, as well as money in both material and freight costs. Manufactured from recycled material, the Red-E-Clip® is the perfect installation option to save your clients time and money.

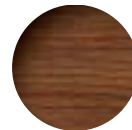

In addition to two new profiles this year, Pawling is pleased to re-introduce our Heartwood Faux Wood Finish, now available in four colors: Carolina Natural, Western Oak, Brazilian Cherry and New England Maple. Heartwood gives you the beauty of a wood-look finish in a lighter weight vinyl product. Our new, improved color process allows us to extend our Heartwood Finish to now include all our vinyl handrail, wall guard and corner guard profiles, as well as provide better color matching between profiles and returns for a more seamless effect.

Handrails

Christus St. Elizabeth Hosp., Beaumont, TX;
Photographer: Aler/Zvonkovic Photography

Pro-Tek® handrails offer a wide variety of styles, colors and materials for all types of facilities, applications, and budgets. With choices of vinyl, all wood or a combination of both, Pawling handrails come in color choices that let your imagination run, including 60 standard colors, accent strips and Heartwood—our Faux Wood Finish now available for all handrails. Our acclaimed Endura Rail (BR-530) features the only aluminum reinforced return in the industry. In addition, many styles also feature a continuous security bracket for high-risk environments.

Wall Guards

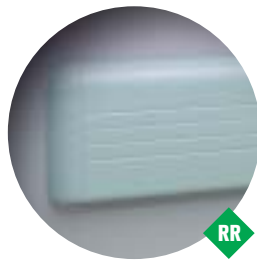

Pro-Tek® wall guards offer outstanding protection from all types of abuse, thus dramatically reducing maintenance and repair expenses. Choose from rectangular or curved profiles, many with design options such as grooved surfaces and, color accent stripes. All our Wall Guards now come in Heartwood—our Faux Wood Finish. And our Red-E-Clip® installation option will stretch your budget by using a lightweight yet equally durable product that installs more quickly and easily than traditional aluminum retainers.

Wall Covering

Pro-Tek® rigid vinyl wall covering protects in a broad range of uses, from corridor wainscot and patient room walls, to back-of-house areas and slop sink backsplashes. Or it can simply be used as a finishing touch to complete a unified presentation in wall protection system designs. From the thinnest .030" gauge to our heaviest .125" sheet, used at wainscot height or full wall height, our wall covering can protect your walls, doors and cabinetry, all while providing added texture and color to whatever design scheme you choose. Available in a myriad of sheet sizes and rolls, 60 standard colors, and any custom color you can dream of, Pro-Tek® wall covering has the versatility to serve your needs.

Adirondack Wood Series

Handrails

BR-1500

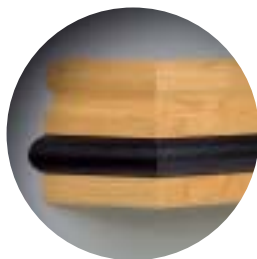

BR-1600

Pawling features a complete line of wood handrails, wall guards and corner guards to provide a refined, rich look for all types of professional environments. With accents such as stainless steel and flexible or rigid vinyl, our wood impact pieces provide not only strength and protection, but also design options to complement and enhance your architectural objective. All wood pieces available in standard choice of oak, maple, ash and cherry with other species available.

Pawling's corner guards are available in multiple sizes, angles, and colors for perfect coordination with the rest of our impact protection products. Whether for a healthcare, educational, municipal or commercial building, you can rely on Pawling's Pro-Tek® corner guards to protect your building from front to back. New this year—all of our vinyl corner guards are now available in Heartwood, our Faux Wood look to complement our handrails and wall guards in the same four finishes. We also offer a full line of flush-mounted and surface mounted corner guards in a range of options, including vinyl with aluminum/vinyl retainers, rigid and flexible vinyl, polycarbonate, stainless steel, aluminum, and rubber.
