

JL INDUSTRIES

FIRE PROTECTION EQUIPMENT

JL Industries, a division of Activar Construction Products Group, features a wide range of specialty products for commercial construction, including fire extinguishers and cabinets, metal access panels, roof hatches, smoke vents, skylights, floor mats and gratings, and life safety products. Together with Thomas Enterprises and Samson Products we have been providing our customers with a large selection of products for any project for over 60 years.

JL Industries includes three manufacturing locations: Bloomington, MN, Commerce, CA and Fort Myers, FL. We also have three warehouse locations: Lancaster, PA, Dallas, TX and Atlanta, GA. By strategically locating these facilities, we meet our customer's needs nationwide by offering multiple products with a fast delivery time and low freight charges.

JL Industries is dedicated to providing our customers with a variety of high quality products along with excellent customer service. Our innovative online Spec-Ease program assists architects in specifying the JL Industries products that meet their building requirements. Please visit www.jlindustries.com for additional details.

The Activar Construction Products Group (ACPG) consists of 5 affiliated companies that serve the commercial construction industry. Our multiple product lines are a single source for architects and distributors. Air Louvers manufactures products for the openings market with door lites, louvers and rated glass. Hiawatha is known for its quality architectural door hardware and frameless shower door products. JL Industries is an industry leader in fire protection, providing fire extinguishers, AED's and cabinets, access panels, roof opening products and entrance flooring systems. Samson Products manufactures many of the products sold under the JL label and distributes JL products on the West Coast. Thomas Enterprises is out Southeast distributor for JL products and has a state-of-the-art aluminum fabrication facility for fire extinguisher cabinets sold under the Thomas and JL labels.
